Introductory Comments

This is submitted in response to the Advisory Action mailed 6/14/2007 and accompanies a Request for Continuing Examination and qualifies as a submission thereunder. The amendment filed in response to the Final Action mailed 2/27/07 was not entered as it raised new issues that required further consideration and did not place the application in condition for allowance. The shortened statutory period set for response is three months from the mailing of the Final Office action (2/27/2007). A petition for a two month extension of time and the requisite fee accompanies this response.
